### CHICAGO WINS A CLOSE GAME. Ginnts Lose the Contest by Wretche

Work on the Bases. CHICAGO, Aug. 30.—Stupid base running and Doheny's lack of control lost the game for New York today. Apparently Kid Glea-son and his men were in a trance, for they had several opportunities to secure a win-ning lead by exercising even ordinary judg-ment in base running. Three double ment in base running. Three double plays were made by the local aggregation on long files to the outfield whon the New Yorks were on bases. The score: CHICAGO. R. 1B. PO. A. E.

### A CLOSE CONTEST.

After Having the Game Well in Hand Superbus Lose in Seventh.

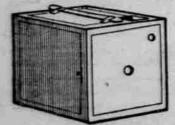

PITTSBURG, Aug. 20.-Hanlon's hust era, after apparently clinching a victory lost today's game, the last of the year here, in a sensational finish. William Ken nedy's start indicated a desire to equa the best pliching record, and for five inn-ings not a Pirate reached first base, but in the seventh five hits and his own error gave the Firstes four runs. The fielding was fast and even, the excellent work of Ely and O'Brien being matched by the ciever performance of Daly and Dablen.

### THE COLONELS WIN.

Clarke's Men Outbatted the Quakers and Won. LOUISVILLE, Aug. 30 .- Timely hitting

and errors on the part of the Phillics won today's game for the Colonels. Cunningham was very effective with men on bases and received perfect support. Delchanty played a great game in the field, gathering in what looked like a sure homer by Wag-ner. Several of Louisville's hits were mere scratches, but came at opportune momenta.

CINCINNATI, Aug. 20.—Needles Hahn haffled when it came to driving runs across the plate. Both Hahn and Howell had excellent command, and not a base on balls was given during the game. Howell was hit hard, but he kept the hits scattered with some degree of skill. This is the second game Howell has lost this season. The score:

## A RADICAL RULE SUGGESTED.

The Transfer of Players on Evil De-

manding Legislation. NEW YORK, Aug. 30.-The recent transfer of Meekin from New York to the Boston in baseball circles that it may result in the pitched in Tuesday's game. The score: g ensetment of radical reforms by the Na- EASTERN A. C. R. IB. PO. A. E. tional League this winter. It is contended by several League men who have become alarmed at the decline of the national game in public esteem, that the bartering and exchanging of players during a champion-ship season is one of the chief evils to be stamped out. The League clubs have gradually worked these methods to death so that, it is thought, much of the public confidence in the sport has disappeared. One suggestion has been put forward as the only feasible minn to put forward as the only feasible minn to put forward as the only suggestion has been put forward as the only feasible plan to put into execution. The idea is to pass a rule at the winter meeting of the League forbidding any club to transfer or sell the release of one of its players to another club in the same circuit during the championship season; that if a player is not wanted on the payroll he must receive an unconditional release, with the privilege of signing with any club he ruly select. For a violation of such a rule the penalty must be incligibility of the club which transfers or sells the player, and a fine of \$1,000.

### NOTES OF THE NATIONAL GAME

McGraw's wife is said to be in a very erious condition, and her friends are much alarmed. She underwent an opera-tion for appendicitis. The physicians in charge are hopeful but not confident.

An exchange says that Dummy Hoy has game he surprised Fred Clarke by exclaiming: "I'll take it! I'll take it." The dummy has been repeating these words for many years, and all the players gre familiar with his peculiar yet plain enun-

After a long season of illness, Wally Taylor has got back into the game, and, consequently, the Toronto team has taked a sudden brace.

Parson Ren Mulford, jr., is setting up nights nursing a sad case of disappoint-

ment. At the beginning of the season, Ren ment. At the beginning of the season, ich had every reason to hope that the Cincinnati club would come under the wire as good as one, two, three. Now, as he sees the crimson-bued pedal adorned athletes trailing along in fifth or sixth place it is just too "dad burned exasperating," says the clever journalistic joilier.

Bancroft, of the Cincinnati club, has arranged to fill in all his open dates with barn-storming exhibitions, and will invade the Hoosier State for several games.

A correspondent in the "Cincinnati En-ulier" gives it as his opinion that the batting orbs of ball players are impaired by the signs on the fences, which are painted in many colors, and suggests that the fences in the background should be painted green to correspond with the grass. The gentleman is correct.

All the teams of the League have focused the ball and are now batting as they have not done before this senson. Consequently batting averages will take on a material expansion. It is safe to predict that the work of the batters will show up in the percentage column much better than the preceding senson.

Geroni, the New York's dago twirler, who has been farmed out to the Bridgeport club, has been ordered to return to the Giants for immediate duty. The transfer of Meckin to the Boston club has left the Giants short

Fifth place is now the acme of the Red Leg's ambition, and the numerous fans of the Queen City will be parfegly satisfied if they will anchor safely at that point, as all pennant possibilities have long since

"During my retirement," says Dad lark, "I have been putting in my time Clark.

tell whether Droyfus is an insurgent or a phantom league magnate, or whether Aguinaldo is a favorite in the Puturity or a 10 tc I shot, or whether the Philippine Islands have been secured by Chris van der Ahe for a ball park. I've got to cut out this pewspaper business or set up all night considering."

Al Berry Maul, former baseball player and Beau Brummel of the diamond, has celebrated his return to private life by shuffling off the coil of single cussedness. He will now go smiling down the path of life, with a more laudable ambitton. It is hoped that he will receive good support and that he will not draw away from the plate of responsibility, nor muff any chances that will imperil his success in life.

Walter Wilmot, who, back in the eightles, was a member of the local club, and who has played in several of the League cities, and also in the Western League, as captain and manager, is now in a hospital at Minneapolls, suffering from blood poisoning, the result of an injury to one of his legs. It is feared that amputation may be necessary in order to save his life. Wilmor was a genial, clever his life. Wilmot was a genial, clever gentleman and an excellent ball player, and has a host of friends throughout the coun-try who will regret to learn of his mishis life. fortune.

More balls are used up in a game at Chicago than in any city of the League. In a recent game there thirty-four balls were put in play, and all were lost or stolen except two or three. As Spaiding is the manufacturer of these balls he can stand it. The club pays for them at the rate of \$15 per dozen. There are fewer balls lost at National Park than at any League grounds in the country. On an CINCINNATI, Aug. 20.—Needles Hahn pliched one of his best games of the season here today and the Baltimore sluggers were not only defeated, but also completely haffled when it came to driving runs across

Frank Bonner is negotiating with the Louisville club, and it is likely that he will soon be wearing a Colonel's uniform.

Monday's St. Louis-Washington game was one of the finest batting exhibitions of had a home run, while Burkett tallied two. There were three three-base and two twohase hits made. Every Senator made a hit, O'Brien, McGann, and Stafford each getting three, while Slagle and Mercer had two, Burkett, in addition to his home runs, had a single; Schrecongost had a triple, and Wallace two singles. This game will not be duplicated this season.

Buck Freeman is not only a hard hitter but a hard loser, and when he thinks he is getting the worst of it from the umpire he is a hard kicker.

Jim Duncan, recently released by Wash-ington, has accepted terms from Cleveland and will play with that club today. Duncan ts one of the most promising young back-stops in the country, and withal a gen-tiemanty and reliable young man.

It will be supremely gratifying to the friends of the Senators to learn that they gave Pat Tebeau's men another defeat yesterday. It was not an accident, either. The game was fairly won upon its merits, and was a well-deserved victory.

By winning two games yesterday, Boston gained another point on the Brooklyns.

### The District Lengue The Eastern and American Athletic

Clubs played a close and interesting contest at National Park yesterday, deserving a better attendance of onlookers than was present. The victory went to the Americans by the score of 8 to 5. But five hits were made off Waple, who was in good condition, notwithstanding the fact that he

# Mosquitoes and Malaria.

Some learned 'ologist in Europe advances the theory that mosquilties are a potent factor in spreading malaria. The theory is too far fetched for serious consideration, but it is a fact that people returning to Washington experience depressing effects from the climate and frequently show marked symptoms of malaria. Policious use of Tharp's Pure Berkeley Rye is the best preventive. It is a whisky of shoolute purity and wonderfully fine flavor, and is only \$1 a quart, at \$12 F Street.

No Women at Funerals.

(From the Chicago Record.)

One of the curious social laws of Peru forbide women to attend funerals, and they do not appear at weddings unless they are very intimate friends. When a funeral procession passes through the streets the coffin is carried upon the shaulders of the padlesarres, who are followed by an empty learne drawn by two, four, or aix larges, according to the means of the mourners and their desire for display. All the male members of this family and friends of the deceased follow on foot, with a line of empty carriages behind them. As long as they are in the pressure of the deal it is considered a proper and necessary exidence of respect to walk. After the bidy has been committed to the grave those who at tend the funeral are brought home in carriagese.
